

## What's our story?

It all started in 2017. Disappointed by the slow expansion of e-mobility we created a whole new approach to electric vehicle charging. Our award winning and patented charging technology is the missing piece for mass electrification. Together with major automotive manufacturers we are currently getting our product ready to market. ChargeX was founded by passionate entrepreneurs and engineers. Our mission is a more sustainable way of transport. To make this green future happen we need your hands-on support and ideas to make our vision reality.

## What will be your job?

- Grow our B2B Network with strategic sales & production partnerships
- Manage our partners and investor relations and communicate important information to our stakeholders
- Track the implementation process of product features and match it with our general roadmap
- Get a deep understanding of our product value and analyse future opportunity markets

## What do we expect from you?

- Passion bringing outstanding products to market and first practical experiences in business & sales
- University degree in Business Administration, Engineering Management or a comparable education
- Knowledge and work experience in the e-mobility & energy market in Germany & Europe
- Willingness and hands-on approach to learn new things

## What does ChargeX offer to you?

- Highly motivated team with flat hierarchies and fast-forward decision making
- Attractive equity/salary combination for a long-term career at ChargeX
- State-of-the-art equipment and team events on a regular basis
- A shitload of fun while making the world a better place

Now we need you. Be an essential part of our tech-startup ChargeX and our urban mobility revolution. Interested in joining us? Send us an e-mail why you have to be part of ChargeX.
