

Working Student / Part Time

Production & Prototyping Assistant (f/m)

Location: Munich

What's our story?

It all started in 2017. Disappointed by the slow expansion of e-mobility we created a whole new approach to electric vehicle charging. Our award winning and patented charging technology is the missing piece for mass electrification. Together with major automotive manufacturers we are currently getting our product ready to market. ChargeX was founded by passionate entrepreneurs and engineers. Our mission is a more sustainable way of transport. To make this green future happen we need your hands-on support and ideas to make our vision reality.

What will be your job?

- Preparation of materials for production
- Testing of finished components and products
- Assembling of PCBs & Charging Stations
- Operating 3D Printers, basic CAD work and slicer software operation for preparing design files

What do we expect from you?

- Passion developing outstanding products and high attention to detail
- Currently studying electrical engineering or a comparable course of studies
- Some first experiences in 3D printing and cartesian CNC machines preferred
- Willingness and hands-on approach to learn new things

What does ChargeX offer to you?

- Highly motivated team with flat hierarchies and fast-forward decision making
- Attractive starting point for a long-term career at ChargeX
- State-of-the-art equipment and team events on a regular basis
- A shitload of fun while making the world a better place

Now we need you. Be an essential part of our tech-startup ChargeX and our urban mobility revolution. Interested in joining us? Send us an e-mail why you have to be part of ChargeX.
